

## Bahamas Flying Adventure 2020

**March 22 – 26, 2020**

5 days / 4 nights

George Town Bahamas

Are you ready to explore the crystal clear, turquoise waters of the Bahamas Islands? Here is your chance to take the plunge, command your own plane and enjoy flying with a group of passionate pilots on an adventure to a destination that will challenge you with pure excitement. Here's the plan, meet up in Florida to depart Ft. Pierce (KFPR) on Sunday March 22, 2020 for the Bahamas Islands. This 5-day adventure will start at KFPR, Treasure Coast International airport in Ft Pierce, FL. Organizing the departure at APP Jet Center FBO, making sure all pilots and passengers are ready to make the flight to the Bahamas. Stopping in Marsh Harbor, MYAM, for Bahamian customs and then onto the Exuma chain of islands for our base airport Exuma International, MYEF. From the airport it is a short drive to George Town, to the Hideaways Exuma resort where we will make camp for the next 4 days. During our stay we will enjoy the Bahamas lifestyle, the beach, the water, the pool, the food and drink and the group camaraderie that only pilots with passion can relate too. Each day offers exploration by foot, kayak, paddle board, bike, car and your airplane. Flying north up the chain of Exuma Islands finds several airstrips to visit and take in more culture of this spectacular location. Flying east out over the big water brings you to Long Island and the Stella Maris resort for more destinations. It's an endless amount of places to explore and flying with a group of pilots that can make these day-trips a blast. A typical day-trip may be departing Exuma Intl' mid morning and flying north to Staniel Cay. Along the way up the Exuma chain you will see dozens of islands and turquoise water with white sandy beaches. After landing at Staniel Cay and enjoying a Bahamian lunch, we take a boat ride to visit the swimming pigs. We would be back to George Town before dinnertime.

If an island adventure is in your bucket, now is a great opportunity to experience this adventure with pilots that have experienced this travel and can help guide you on this trip.

Exuma is a district of the Bahamas, consisting of over 365 islands, also called cays (keys). The largest of the cays is Great Exuma, which is 37 miles in length and joined to another island, Little Exuma, by a small bridge. The capital and largest town in the district is George Town (population 1,437). It was founded 1793 and located on Great Exuma. Near the town, but on Little Exuma, the Tropic of Cancer runs across Pelican Beach lending it another name: Tropic of Cancer Beach. Its white sand and turquoise waters make it a world-famous destination. The entire island chain is 130-miles long.

The Exuma Island chain, in one word, is epic and a perfect area to fly our planes from island to island. Offering several runways along the entire length of this beautiful water in the Bahamas. Lying at the southern portion of this 130-mile long paradise is Great Exuma, the largest island in the Exuma chain. We will use Exuma International Airport (MYEF) for our base, a 7,000 ft paved runway. Odyssey Aviation is the FBO on the field. From Florida, MYEF Exuma International is just over 400 miles by way of hopping island to island. We will plan to stop at Marsh Harbor clear customs and refuel as 100LL is less expensive here than at Exuma.

Once at George Town we have chosen Hideaways Exuma as the hotel / resort for the time we are in the Bahamas. The Hideaways is a 3 star hotel and offer a variety of accommodations from 1-bedroom cottages to 2-bedroom villas. The property is located on a bay surrounded by a gorgeous white sandy beach. The resort offers guests a wide range of water sport equipment, of which is complimentary. Equipment for your enjoyment includes kayaks, paddleboats, paddleboards, and more! Come enjoy the crystal clear water and the welcoming tropical breeze. We have secured a block of rooms that are each unique in type and location. Please see the information about pricing for each of the type of room offered. Some of these rooms are very limited so request your desired room soon. There are rooms with an ocean view on the beach and there are rooms with garden view on the beach. There are rooms across the street (Island Time Villas) that is not on the beach but still including access to the

beach and the pool. The room costs per night do not include taxes and fees. These taxes and fees apply to all rooms throughout the Bahamas.

\*\*Room cost example: Cottage #15 Nightly cost \$218.00, Tax \$105.68, Total \$323.68 per night. Two couples in the two bedroom cottage nets per couple \$161.84 per night. Villa #31 Nightly cost \$195.00, Tax \$102.92, Total \$297.92 per night.
